In 1974, Thed Easley started a one-man shop in Lufkin, Texas. Through years of proven quality work and a strong customer base, his operation diversified and grew into Thed Easley's Inc., a sound family owned and operated East Texas Corporation with a wide variety of capabilities.

One of the corporation's strongest and fastest growing assets is its Crane Service, with hydraulic cranes ranging from 14 to 300 tons.

Safety is a priority at Thed Easley's Inc. All cranes are well maintained and regularly inspected and certified. Both Crane Inspector and Crane Operators are certified and trained by both OSHA and ANSI standards. Experience and training ensure safe completion of your lifting, installation and erection requirements.

Our diversified capabilities provide the means and ability to complete all or any part of your project.

The Project Estimators at Thed Easley's Inc. have the knowledge and experience to quote all of your job needs.
